HEAT PUMPS

POWERED BY ECOFOREST

Volta heat pumps are manufactured by Ecoforest and the market leading range was launched in the UK in 2021. Ecoforest was founded by Jose Carlos Alonso in 1959, his vision was to develop innovative products that were both economic and environmentally-friendly, with the intention of making the world a better place. Today, more than 50 years later, Ecoforest is the technological leader in the heating sector, with solutions based solely on clean and natural energy.

## GEOTHERMAL RANGE

The Volta geothermal heat pump range is one of the most advanced on the market. The water-to-water range has variable-speed compressors and inverter technology achieving unique efficiencies.
